ISO45001: International Occupational Health And Safety Management System

RESILIENCE

Increase organizational resilience through proactive risk prevention, innovation and continual improvement.

ISO 45001 is designed to prevent work-related injury and ill-health and to provide safe and healthy workplaces.

COMPLIANCE

Strengthening of legal and regulatory compliance while reducing business losses

COMMITMENT

Implementation of ISO 45001 and its alignment to the SDGs sends a powerful message to shareholders and stakeholders including employees that they truly care for their people.

BENCHMARK

One global occupational health and safety system for all businesses, of all sizes. As an international standard, ISO 45001 crosses geographic, political, economic, commercial and social boundaries. This sets a single benchmark for the management of occupational health and safety.

RESPONSIBILITY

Demonstrates brand responsibility by committing to safe, healthy and sustainable work
